

The 9th International Conference on Control, Robotics, and Cybernetics (CRC 2024) is set to take place in Penang, Malaysia from November 21-23, 2024.

CRC, initially launched by a collective of committee members in 2016, has grown to be an annual conference with an important mission: to provide a global platform where scientists, scholars, and engineers can present their ongoing research, and foster meaningful research relations between universities and industries.

We look forward to seeing you in Penang for what promises to be a conference of insightful discussions, knowledge sharing, and innovative ideas. Join us at CRC 2024 to be a part of the ongoing advancements in the fields of Control, Robotics, and Cybernetics!

**Submission Deadline: August 10, 2024**

## Conference Proceedings

All submitted papers must be written in English. Accepted papers will be published in CRC 2024 Conference Proceedings, which will be archived in IEEE Xplore, and indexed by EI Compindex, Scopus, and other indexing services.

Or send your prepared manuscript directly to the conference mailbox: [crccontact@163.com](mailto:crccontact@163.com)

## Call for Papers

Prospective authors are requested to submit quality research articles on Control, Robotics and Cybernetics, and key topics can be:

### Modern Advanced Control Strategies

- Neural Networks Control
- Fuzzy Logic Control
- Genetic Algorithms & Evolutionary Control
- Model-Predictive Control

### Data Analysis, Prediction & Model Identification

- Signal Processing
- Prediction and Time Series Analysis
- System Identification

### Decision Making and Information Retrieval

- Case-Based Reasoning
- Decision Analysis

### Multimedia and Communication Systems

- Multimedia and New Media
- High Speed Communication

### Hybrid Systems

- Fuzzy Expert Systems
- Fuzzy Neural Systems

### Robotics and Automation

- Robot Dynamic and Control
- Human-robot Systems

### Human-Machine Systems

- Man-Machine Systems
- Human Computer Interaction
