

2026 11th International Conference on CONTROL, ROBOTICS AND CYBERNETICS

Hefei, China / September 18-20, 2026

2026 11th International Conference on Control, Robotics and Cybernetics (CRC 2026) is set to take place from September 18-20, 2026 in Hefei, China. The event is proudly sponsored by Anhui University, China.

CRC, initially launched by a collective of committee members in 2016, has grown to be an annual conference with an important mission: to provide a global platform where scientists, scholars, and engineers can present their ongoing research, and foster meaningful research relations between universities and industries. The agenda for CRC 2026 promises an enriching experience, featuring keynote speeches from industry leaders, presentations of peer-reviewed papers, as well as a cultural and social program designed to facilitate networking and collaboration. We warmly welcome professionals, experts, management, and students from universities, research institutions, and companies to attend this conference.

Track 5

Industrial Automation, Embedded & Real-Time Control Applications

Track Chairs

Jing Lai

Hefei University of Technology,
China

Research Interests:

reinforcement learning-based control and its applications in autonomous systems and smart grids.

TOPICS

- Embedded and real-time control systems
- Industrial automation and smart manufacturing
- IoT-enabled control applications
- Practical control implementations and case studies
- Industry-driven robotics and cyber-physical integration

Important Dates

Submission Deadline	June 5th, 2026
Notification Date	June 20th, 2026
Registration Deadline	July 15th, 2026

Submission Methods

1. Full Paper (Publication and Presentation)
2. Abstract (Presentation Only)

Online Submission System:

<https://easychair.org/conferences/?conf=crc2026>

Email: crccontact@163.com

Publication

All submitted papers must be written in English. Accepted papers will be published in CRC 2026 Conference Proceedings.
